STUDENT USE OF VEHICLES

The safety of students, staff members, school visitors, and others while on school grounds is of significant importance to the Little Silver Board of Education. A student's use of a vehicle and/or other modes of transportation on school grounds has the potential to present a safety hazard for the student operator and to other students, staff members, school visitors and others while on school grounds.

Bicycles

Students riding bicycles to school must comply with all applicable State and local laws for operating a bicycle. The principal of each school may develop school rules for the operation of the student's bicycle on school grounds. Students must park and lock their bicycles in an area outside the school building designated by the principal. A bicycle may not be brought into the school building without the principal's permission.

Non-Motorized Skateboards, Scooters, Roller Skates, Etc.

Students are permitted to bring on school grounds non-motorized skateboards, scooters, roller skates, or any other non-motorized mode of transportation the student may use to get to and from school. The principal shall determine if such items may be brought into the school building during the school day.

Students that bring these items to school must comply with all applicable State and local laws for operation. The principal of each school may develop school rules for the operation of the student's non-motorized items on school grounds and if such items can be brought into school and where such items shall be stored, in or outside the building, during the school day.

Students are not permitted to bring any motorized bicycle, skateboard, scooter, roller skates, hoverboard, or any other motorized mode of transportation on school grounds during the school day.

The principal of each school building may revoke the privilege of a student's use of any vehicle or mode of transportation permitted by this policy for the student's failure to follow the provisions of this policy and any requirements of State or local law or any school rule. The board of education assumes no responsibility for the loss, damage, or theft of any vehicle or any mode of transportation permitted on school grounds in accordance with this policy.
