

CAREER AND TECHNICAL EDUCATION

The Little Silver Board of Education believes that constructive attitudes and concepts involving the dignity of all kinds of work belong in the curriculum from the beginning grades. Therefore, in fulfillment of the New Jersey Student Learning Standards, the board shall develop and implement a comprehensive guidance and counseling system that is designed to provide students opportunities to enhance career awareness, exploration, preparation, and decision-making skills necessary for success in the workplace. The board shall ensure that educational programs shall continuously expose students to the nature of the wide variety of careers available. The 21st Century Life and Careers Student Learning Standard shall be infused into the curriculum throughout the grades in age-appropriate activities. When any hands-on experience requires use of power tools, etc., all eye protection and other appropriate safety regulations shall be observed.

Career Education and Counseling

The board shall develop and implement a comprehensive guidance and academic counseling program for all students to facilitate career awareness, exploration, and preparation in accordance with N.J.A.C. 6A:8-3.2. This program shall:

- A. Be linked to the New Jersey Student Learning Standards;
- B. Be infused throughout the K-8 curriculum;
- C. Be supported by professional development programs;
- D. Take into consideration the American School Counselor Association's National Standards for School Counseling Programs;
- E. Provide developmental career guidance and academic counseling linked to the New Jersey Student Learning Standards designed to:
 - 1. Assist students in making and implementing informed educational and career choices, including opportunities to change career focus;
 - 2. Support students' academic attainment, career development, and personal/social development;
 - 3. Develop the student's understanding of the relationship between academic attainment, career development, and personal/social development;
 - 4. Encourage students to create and maintain portfolios consisting of student accomplishments in academic and career-oriented work;
- F. The board shall ensure that students with disabilities (age 14 or younger), if determined appropriate by IEP, have career and academic counseling coordinated with transitional services in accordance with N.J.A.C. 6A:14-3.7;
- G. The board shall develop and implement curriculum and instructional methods that:
 - 1. Are integrated with technological literacy;
 - 2. Provide all students with an understanding of the career application of knowledge and skills learned in the classroom; and

CAREER AND TECHNICAL EDUCATION (continued)

3. Provide all students with the opportunity to apply knowledge and skills learned in the classroom to real or simulated career challenges.

H. The board will develop and implement for all students a system of career development activities that:

1. Offers the opportunity to explore career interests within, one or more of the Career Clusters (listed below) that are linked to the New Jersey Student Learning Standards;
2. Allows district boards of education to select the appropriate format for offering career-development activities based on district resources, community needs and student interest;
3. Allows the board to select an appropriate delivery format that may include an integrated curriculum based on the New Jersey Student Learning Standards or specialized programs that reflect the needs of students and the community; and
4. Instills the concept of the need for continuous learning throughout one's life.

The board directs the superintendent or his or her designee to take reasonable measures to expand student awareness of and encourage participation in fields that are non-traditional for their sex, and to expand both access to and success in high-growth fields for both men and women.

All students shall have equal and bias-free access to career and technical education programs and a full range of possible occupational, professional, and career and technical education choices including careers in the science and technology industries and nontraditional careers, regardless of race, creed, color, national origin, ancestry, age, marital status, affectional/sexual orientation, gender, gender identity or expression, religion, pregnancy, disability, English proficiency, immigration status, housing status or socioeconomic status.

The board of education shall strive to make continuous and significant improvement in career and technical achievement of career and technical education students, and levels of performance shall be objective, quantifiable, and measurable. The board shall also identify in the local plans the level of performance targeted for each of the core indicators of performance.

All students participating in career and technical education programs supervised by this board or in shared-time programs are considered to be regularly enrolled in the schools of this district, and subject to the policies and rules of this board, including rules regarding attendance for those periods when they are not assigned to outside work projects or other classes.
